Resolved: **That English should be the medium of instruction in Japan's Schools**

# IDEA GENERATOR

## Pros

- English should be the medium of instruction in schools all over Japan so that students will have more speaking opportunities whenever they are inside the school premises.
- We are now living in a globalized society, everyone needs to cope with it.
- It lets the students practice more.

## Cons

- Japanese still needs to occupy the highest priority when it comes to language because that is Japan's mother tongue.
- Japanese would lose their cultural identity.
- It's easier to express one's self using the mother tongue.

## See for example:

**Person A:** "In my opinion, I believe that English should be the medium of instruction in schools all over Japan so that students will have more speaking opportunities whenever they are inside the school premises."

**Person B:** "I strongly disagree with the proposition since I believe that Japanese still needs to occupy the highest priority when it comes to language because that is Japan's mother tongue."
